Delegate Election News

It is time once again to elect your District Delegate to Lake Mission Viejo Association. The list of delegates adjacent to this article represents the current delegates for all districts in LMVA. There are two types of delegate elections held annually: Sub-Associations to LMVA elect their own Delegates during their annual Board of Director elections. LMVA assists Non-Sub-Association districts with the process explained here. Delegate representatives from all districts then elect members of the Board of Directors at the annual meeting held each year in late October.

The first step in the process is the District Delegate Non-Sub-Association Meetings, to be held concurrently, on Tuesday, October 4 at 7:00 pm, in the LMVA Administrative Building. These annual meetings are held to elect District Delegates in all Non-Sub-Association Delegate Districts. A quorum of twenty-five percent (25%) of members represented in person or by written proxy is required to conduct business in a Delegate District. It is not too early to consider who your District Delegate is, to contact your Delegate to talk about his or her accomplishments over the past year, and inquire about his or her intentions for next year.

On Tuesday, October 11 at 7:00 pm, in the LMVA Administration Building, the reconvened meetings of the Non-Sub-Association Districts that did not reach a quorum at the October 4 meeting will be held. The twenty-five percent (25%) quorum is also required at these reconvened meetings. The October Board of Directors Meeting will be held immediately following the Non-Sub-Association District reconvened meetings.

A Candidates Forum is scheduled for Tuesday, October 25 at 6:00 pm in the Lake Clubhouse for any member wishing to speak on the upcoming Board Elections or any issue he or she wants to address concerning the Lake Association.

The culmination of the election process occurs following the Candidates Forum on Tuesday, October 25 at 7:00 pm with the Annual Meeting of the Lake Delegates. The election of the Board of Directors takes place at this meeting.

Two Board positions will be elected in 2011. A quorum of District Delegates representing fifty-one percent (51%) of the membership is required to conduct the election. The District Delegates will then cast votes to elect Board positions.

LMVA members are invited to attend all the meetings in the election process. This gives members an opportunity to support their District Delegate and to meet the individuals who are seeking to serve on the LMVA Board of Directors. For more information on how to become a District Delegate, call LMVA at (949) 770-1313, ext. 213.

If You Have Proxy, Please Use It

Was there a proxy included in your assessment bill this past June? Proxies are mailed to facilitate the LMVA election of District Delegates which takes place in September and October. **If you do not plan to attend the election proceedings in person, complete our proxy and mail it back to LMVA.** Proxies are also available at the Lake office. There are several options for completing your proxy:

1. **You may designate the current LMVA Board of Directors.**
2. **You may name and designate any Lake Association member, other than yourself, to vote your proxy.**
3. **You may indicate that you want your proxy counted toward the quorum requirements for the election meeting(s) to help meet the 51% quorum required to conduct business.**

Some members do not receive proxies. LMVA members living in the Sub-Associations do not receive proxies. These Sub-Associations each elect their LMVA District Delegates at the Board of Directors meetings as required by the Sub-Association's governing documents. **For more information about elections for your District Delegate, contact the Board of Directors of your Homeowner's Association.**

Eeeek! It's Lake Eeerie!

This October 21st and 22nd, Lake Mission Viejo will transform into Lake Eeerie, and it will be spookier than ever before!

For the not-so-faint-of-heart, there will be Undertaker-led tours of the ever popular Graveyard, featuring the best ghouls and goblins we could dig up. Also returning this year is the nightmarish Clown Asylum, sure to creep out even the bravest of souls.

Due to the overcrowding of victims, I mean, members, a Mausoleum has also been added. Real-life Fortune Teller Share Starwas will be on hand, so you may want to consult with her before entering, just to be on the safe side.

For the little monsters there will be a Pumpkin Patch where they can trick-or-treat. The fiendish fun will run from 6:00-9:00 pm on both Friday the 21st and Saturday the 22nd.

It's gonna be a scream!

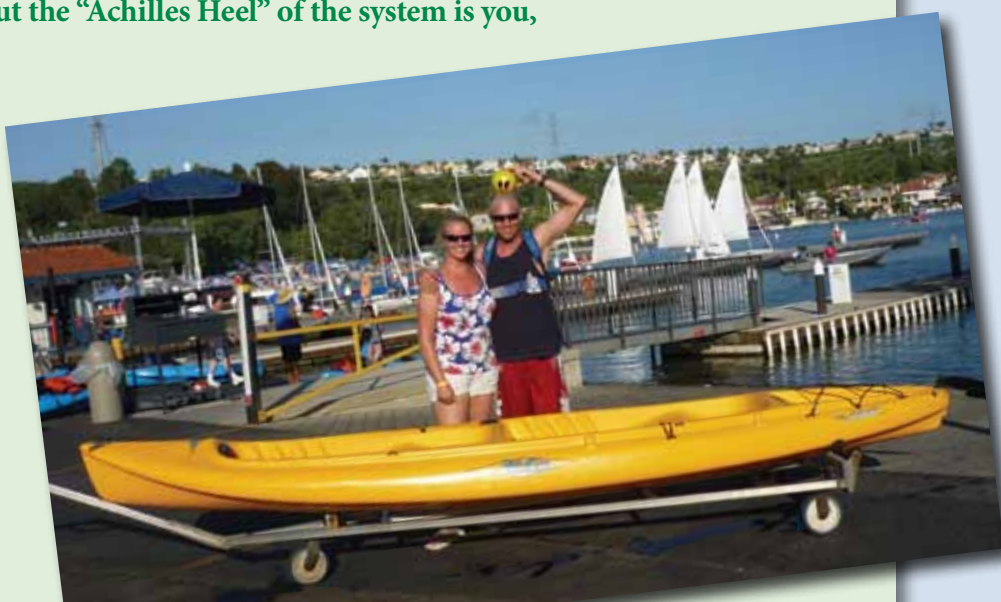

10,000 Boats Tagged at LMV

The stringent boat inspection and quarantine program at LMV has been in effect for over three years. **These measures to protect our lake from the Quagga and Zebra Mussels have been very successful. Throughout the program, over 10,000 boats have been tagged and allowed to enter LMV waters.** All boats are subject to a 30-day quarantine to make sure they were clean, dry, and free of mussels or potentially contaminated water.

Our boat use requirements include inspections and quarantines of all boats entering LMV. **In addition, all watercrafts must be insured and registered, with a current LMVA registration sticker affixed to the vessel.** Boats entering the property are required to exhibit an LMVA quarantine tag, proving that they have not launched elsewhere for at least 30 days. They are also required to pass an inspection at launch proving that the vessel is clean and dry. Boats that exit LMV are issued a green tag which allows that vessel to return immediately to LMV without the 30-day quarantine. Tags are fixed to the boat and trailer in such a way that the boat cannot be launched without breaking the tag. Broken tags require the 30-day quarantine and tampered tags that attempt to cheat our quarantine system will be subject to disciplinary actions by our Board of Directors.

We continue to regularly test our lake water at Scripps for evidence of the mussels and continue to make surveys through underwater sampling substrates. **So far, LMV is clean, and with your help, we hope to keep it that way.** Remember, never release any plant or animal into LMV – or any other environment for that matter. The damage that invasive plants or animals can level on a system are plentiful and are seldom reversible. **LMV was built with much forethought to ensure long-term water quality; but the "Achilles Heel" of the system is you, the public.**

People protect what they love, and we trust that you too will help protect your beloved Lake Mission Viejo.

Trout Season

Another summer has come and gone at LMV, and now our anglers' thoughts turn to trout. **On Saturday, November 19th, LMVA will celebrate Opening Day of the 34th trout fishing season on LMV.** Once again the lake will be stocked with beautiful rainbow trout for members and their guests to catch. There are few places in the world that can rival the trout fishing experience available right here in your own back yard.

Biologist Tom Buckowski is calculating water conditions to ensure an optimum stocking schedule. When we do stock the Lake (set for the week prior to November 19) with 8,000 pounds from Lassen Trout farm in northern California, fishing will be closed from the initial stock until 6:00 am on the 19th. The next stock of trout is scheduled for the week of November 28 through December 2, when an additional 4,000 pounds will be delivered. Following each stocking, the Lake will be closed for the remainder of the day. This allows the fish to spread out and acclimatize to the lake conditions.

Now is the time for anglers to tend to fishing gear. **The "Tackle Box" store will be fully stocked with the latest bait and tackle for the upcoming trout season.** Shop early to avoid the rush during Trout Opener weekend.

Don't forget the Lake Fishing Club and the first meeting of the season on Wednesday, November 30 at 7:00 pm in the Lake Administration building. Meetings and fun tournaments run from November through March. Come join all the action. **Look for a complete stocking schedule and fishing news on the Lake website at www.lakemissionviejo.org.**
